Dear Sir:

Thank you for taking time from your very busy
schedule to reply to my letter.

I have recently traced down a copy of Sylvia
Meagher's "Accessories after the Fact", which
I have always found to be excellent reading.

Holmes Book Co., in Oakland California were
most helpful in obtaining a copy of this book
for me; also a used copy of "Inquest".

I am more than pleased to have finally received
all 3 of your books on the Kennedy assassination.
I was told many years ago, by our librarian that
the book (s) were not available.

Thank you again for your kind advice.

Most sincerely

(Mrs. Ernest) Brunetto
